ISHA VATS

Aspiring Java Full Stack Developer (Fresher)

ivats.nic@gmail.com | 8700300801 | Ghaziabad | linkedin.com/in/vats-isha

PROFILE

Motivated MCA student from IGNOU with hands-on experience in full-stack web development using HTML, CSS, JavaScript, PHP, Angular, Spring Boot, and MySQL. Passionate about building efficient, user-friendly software and eager to contribute to innovative development projects.
Eager to contribute to innovative web and software projects while continuously learning emerging technologies.

EDUCATION

Master of Computer Applications (MCA), *IGNOU* 2023 – Present
Specialization: Computer Science New Delhi

Bachelor of Computer Application, *Vidyavati Mukund Lal Girls College* 2019 – 2022
  Ghaziabad

SKILLS

Programming Languages — C++, Java, Python

Frameworks & Libraries — Spring Boot, Hibernate, Angular, React

Web Technologies — – HTML, CSS, JavaScript, PHP, Bootstrap, jQuery

Database — MySQL

Tools — Git, Postman, Eclipse, VS Code

Soft Skills — Teamwork, Communication, Critical Thinking, Time Management

PROJECTS

Pg Life, *Tech-Stack: Php, React, MySQL* 10/2025 – Present
- Creating a web application for PG discovery with modules for **Home**, **Property List**, **Property Details**, **Login/Signup**, and **User Profile**.
- Implemented **secure user authentication** with login/sign-up features and backend session handling in PHP.
- Built **REST-style APIs** in PHP to fetch/store user and property data in **MySQL**.
- Created responsive UI components in **React** to display dynamic property listings and details.
- Designed database schema and optimized SQL queries for faster data retrieval.
- Enabled users to view/update their profiles and explore PG details with smooth page navigation.

Food App, *Tech-Stack: Spring Boot, MySQL & Angular*
- Developed secure **RESTful APIs** for authentication and user roles.
- Integrated backend with dynamic **Angular front-end** and **MySQL** database.
- Designed responsive UI with full CRUD functionality for user and admin.
- Enhanced app modularity and maintainability using **Spring Boot** architecture.

CERTIFICATES

Web Development with AI — *Internshala-2025* | Covered HTML, CSS, JavaScript, Bootstrap, PHP, React, and database integration.

JAVA BOOTCAMP — Let's Upgrade

SQL(Intermediate) — HackerRank
